

LGYC FALL NEWSLETTER

Hello, all! This is turning out to be a fun and busy season; Don and I are really looking forward to seeing everybody, first at the Pardey event, and then at the Hardwater. What a *cool*/winter this is going to be for the club!

We'll send out a notice about the Hardwater when we've got that arranged. The Manifest Destiny's trophy and prizes will be presented at the Hardwater, due to the weather delay y'all had at the regatta. So come for your moment of glory! Results for that race are posted at the club website, <http://www.lakegranbyyachtclub.com> -- we recently made corrections to the originally posted results, due to a web page update problem we didn't notice right away! (Like, oops.) I'd like to restore our traditional "HARD WATER REGATTA -- SKI OUTING" on the day before our evening Hardwater Meeting ... keep watch for the notice announcing the Hardwater Regatta and get those skis tuned up now!

NEW MEMBER

We're welcoming a new member this month -- Bob Liggett of Loveland. He'll be joining us in a Precision 18 and is interested in helping out with race management. I'm hoping he can make it to the Hardwater Regatta so we can get to know him before we all take the water next year (Steve, take note!) :) Keep an eye out for him and say 'hey.'

SAD NEWS

Some very sad news has been relayed to us by Sid Brugger -- T.S. Smith passed away recently, afflicted with cancer. T.S. provided the impetus for founding the Lake Granby Yacht Club; all our members through the years have enjoyed the events and the racing largely due to his early efforts establishing the club. His wife Anne, his brother Ted and his sister-in-law Laura say that donations may be made in his memory to the Denver Dumb Friends League.

PARDEY EVENT

We've made really great progress getting ready for the Pardey event ... the meeting location has been arranged, the brochures and poster have been designed, we've obtained our mailing list of all sailboat owners in Colorado, we have a company to do the mailing, and we have two sponsorships just on the edge of acceptance. Woo-hoo!

We're now approaching additional sponsors, finalizing the mailing list, getting the brochures printed and mailed, and are spreading word about the event together with the Colorado Mountain Club. Be sure to start telling all your friends and sailing buddies about the event. We're reaching out to over 10,000 people, so have them sign up early, to reserve their place!

We could still use some help ... the things we need to do next are listed below. Look through the list and please volunteer for a task you're willing to take on!

REMAINING TASKS

SEEK SPONSORSHIPS FROM	Volunteer
Marinas: Chatfield Cherry Creek North Shore (Pueblo Res) Marina Boyd Lake Marina Trail Ridge (Shadow Mtn Res) Marina
